MEMORANDUM FOR: Assistant Director, Research and Reports
VIA: Deputy Director (Intelligence)
SUBJECT: Plaudit

You may be interested in the following note of transmittal which I saw on your memo dealing with Rumania's Problems with CEMA. This transmittal note was from Dave Klein of the White House Staff to McGeorge Bundy, "if the President hasn't already seen this CIA report, you should put it in his weekend reading since it is without doubt the best piece on Rumania's problems with the Bloc that I have seen."
